  - Toward End of Hall on Right
  - About 8 to 10 Folks
  - Portable Projector

- **2216**
  - One Floor Down Under This Hallway
  - Smaller Room
  - Plasma Display Panel
Making the Schedule

1. Doing a talk? Get a piece of paper and write the title of your talk on it.
2. Line up and do a 15 to 30 second blurb about your talk. Once the person in front of you is done, move up and talk. Keep things moving. Leave your title paper on the table in front.
3. After all the blurbs, everyone get up, take a marker and mark the title pages of the talks you want to go to.
4. The FOSS Fair organizers will take the papers and arrange the schedule and rooms. Free time for others.
5. Your talk not make it? Grab your friends and do it in the lobby or common area in the halls.
6. Lunch is at 12:00 in 3211. At 5:00 we all go to Sammy’s.
